Improvement Projects – 2025/2026

Completed Projects:

- Installed automatic gate
- Added 2 storage sheds
 - Laundry support shed (ironing/folding, near laundry room, AC)
 - Breakroom shed (table, 4 chairs, refrigerator, microwave, AC)
- Renovated **Room #17** into a furnished room with a functional bathroom
- Curtains installed in Library, Dining hall and Krishna Mandir
- New tables and chairs for the dining hall
- Installing independent irrigation system (multi-zone coverage for full property)
- Greenhouse installation
- Shruti mandir - Installed bench with storage and cushion/back rest
- Install new TV and Audio system in library

Maintenance Projects completed:

1. Replaced rotted wood for the fascia in buildings: rooms 12-16, rooms 17-21, kitchen and dining hall
2. Extended wall and installed a barn door in the library
3. Replaced window coverings in all guest rooms

Future projects 2026/2027

- Renovate KD Garage to a dwelling unit
- Kitchen stove replacement
- AC/Heat pump installation in the back rooms 27 to 38 and Room 1
- Renovate “*Positively ON*” workshop using multi-unit tiny homes
- Convert old Mananam printing workshop/storage into a meditation room
- Develop gazebo and garden adjacent to the meditation room

Photos for 2022/2023 projects

Improvements: New pipelines installed

- ▶ The metal pipeline behind all the buildings was many decades old and blocked by tree roots and also was corroded.
- ▶ The diameter was small resulting in reduced flow both upstream and supply to all rooms
- ▶ New pvc pipeline runs in front to the buildings, with larger diameter and automated to pump the water when the level goes down
- ▶ Showerheads in all rooms are replaced to economize the water usage

Improvements: Fence & Gates

- ▶ The property was not fenced and the wild animals frequently entered destroyed the plants
- ▶ The passersby were also able to enter the property at odd hours, causing in unsafe conditions
- ▶ Now the property is protected by fence at the main road, and also a sizable portion on the side of the river
- ▶ Two manual gates are installed for further safety

Improvements: New Beds & Mattresses

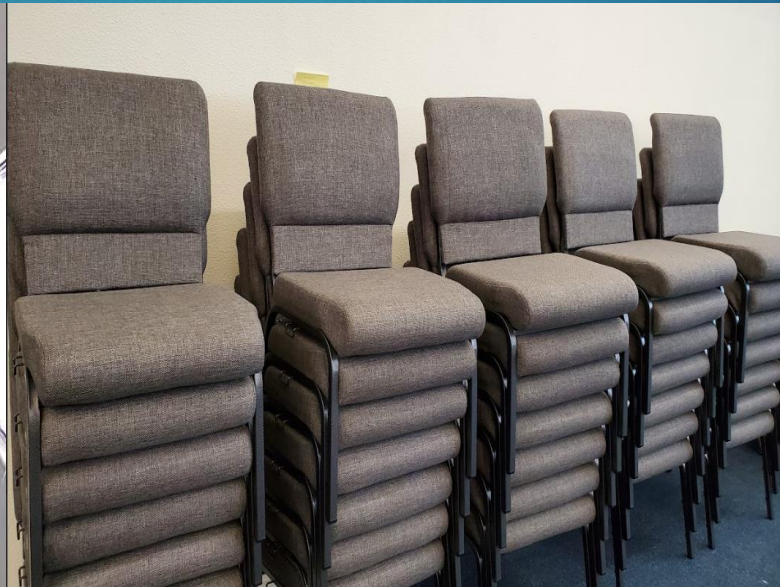

- ▶ The mattresses were old and the beds were sinking/cracking
- ▶ Due to low height, there was no room to keep the luggage
- ▶ The old beds and mattresses were hauled away
- ▶ 100 new beds and mattresses have been placed after certain reconfigurations
- ▶ This increased the total capacity from 80 to 100
- ▶ Luggage can be placed under the bed now

Improvements: Audio Visual Systems & Internet

- ▶ The hall was echoing and audio system was outdated
- ▶ There was no internet connection anywhere except at the office & Ram Dham
- ▶ The new AV system is now in place with 4 speakers to cover the entire hall
- ▶ Two 80" TVs for presentation
- ▶ Star link satellite Internet connection available in all the rooms
- ▶ 50 more new chairs have been added to satsang hall

Improvements: AC units in all rooms & New reception area

- ▶ Only 4 rooms and Ram Dham among the total 30 rooms had window AC installed
- ▶ Now ALL the rooms have AC units
- ▶ The old office has been remodeled to accommodate a Reception area
- ▶ Archives room has been reorganized

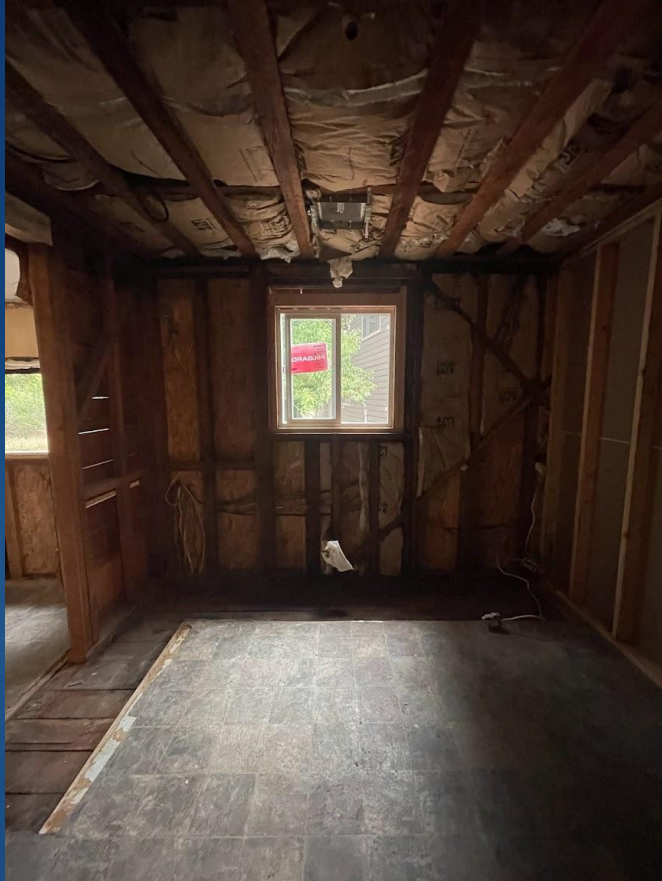

- The AC units also function as heat pumps for the winter and will reduce our dependency on gas both for environmental and safety reasons.
